(t) Josef Jonas. Deputy Minister of Foreign Trade after
Mr. Evzen Loebl's arrest.

the present Chief of the Tenth
Section (Cadre) arrived at the Ministry recently to
replace Dr J Hruza. His position is one of the most important
in the Ministry because he is responsible for all personnel.
His department collects detailed information about each
person in the Ministry and is responsible for sending Ministry
employees abroad. The Chief of the Tenth Section is also
in direct contact with the Ministry of National Security and
with the Cadre Department of the Central Committee of the
Communist Party.

3. A Fifth Deputy Minister should be appointed to head the Tenth and Eleventh Sections, but since the "Deputy Minister" positions were established, this position has been vacant.

Josef Nun, Deputy Minister of National Security, would be appointed as the Fifth Deputy Minister.

- 4. Until the arrest of First Deputy Minister Evzen Loebl, it had been rumored that Minister Dr Antonin Gregor was merely the nominal head of the Ministry of Foreign Trade and that Loebl actually controlled the Ministry. Since that time, however, Dr Gregor has had full powers. Next to Dr Gregor, Jan Soucek is considered to be the most powerful and influential member of the Ministry. However, there are still some members of the Ministry who consider Soucek to be its real head.
- 5. Only those ministries which are headed by non-Communists (e g, Health, Post, Transport, Building Industry) are under the actual control of Communist deputies. All other ministries headed by Communists are under the control of the Minister.
